<b>Conclusion of Programe</b>		

A 07 days Orientation Programme on Quality Issues for Teachers was organized by the office of the Dean (Ayurveda), Abhilashi University on September 05<sup>th</sup> – 11<sup>th</sup>, 2016. In this programme, teachers from various faculties of the Abhilashi University participated. The Inaugural session of the Orientation Programme was held on September 05, 2016. Prof. H S Banyal, Hon'ble, Vice-Chancellor, Abhilashi University presided over the inaugural ceremony of the programme. Dr. D.K.Mishra, Dr.Sukhwinder Pal Singh and Dr.Pankaj Saklani ,graced the occasion. Dr. D.K.Mishra, Dean (Ayurveda) Coordinator of the programme welcomed the dignitaries and introduced the theme of the programme.

#### Inaugural Session

The Orientation Programme on Quality Issues for Teachers had two or three sessions . The experts deliberated on different topics as mentioned in the programme agenda followed by training activities related to their topic. Detail of different sessions of the Orientation Programme is as given below:-

1. **Prof. H S Banyal, Vice-Chancellor, Abhilashi University** discoursed on the University officer's role, powers & responsibilities and emphasised on the accountability of VCs, Pro-VCs, Registrars, Deans, HODs, Professors, etc. He also discussed the misappropriation and utilization of the powers and responsibilities by the university officials as per the rules and guidelines of the University regulations. The structure of University was also the subject of thought.
2. **Dr. Sukhwinder Pal Singh , Reader, Abhilashi university Mandi** discussed the topic “ To improve practice in teaching, research and institutional service and also to manage change by enhancing individual strengths and abilities as well as organizational capacities and the overall culture”. Beginning from the introduction of practice in teaching , Dr. Sukhwinder Pal commented on importance of Practice in Skilled teaching and Research .He reflected on many strategies for good teaching, such as teacher clarity , classroom discussion, feedback, and formative assessment .He also reflected on strategies for good research such as interviews, surveys, questionnaires, observations and analysis.
3. **Dr. Pankaj Saklani, Assistant professor Abhilashi University, Mandi** delivered on topic “Lack of research atmosphere for ethical research “. He commented on that Research ethics provides guidelines for the responsible conduct of research. In addition ,he stressed on following principles such as Honesty , objectivity , integrity, carefulness, openness, respect for intellectual properties and Responsible publication. He said that one should honestly report data, results , methods , procedures and publication status. In objectivity he said , strive to avoid bias in experimental design , data analysis, data interpretation, peer review, personnel decisions, grant writing and other aspects of research. In integrity, he said keep your promises and agreements , act with sincerity, strive for consistency of thought and action. About carefulness, avoid careless error and negligence, carefully and critically examine own work and the work of your peers. About openness share data , results, ideas, tools ,resources and be open to criticism and new ideas.
4. **Dr. Ved Prakash Sharma, Professor Abhilashi University, Mandi** discussed on Role of Education in social justice and environmental awareness, Role and responsibility of a

teacher. He commented that Education is the single greatest tool for achieving social justice and equality .He also said that Inclusive and equitable education is critical to achieve an inclusive and equitable society, in which every citizen has the opportunity to dream and thrive. He stressed that teacher should plan the environmental activities correlated with the customs and traditions of the society. Teachers should channelize the energy of the students to create an atmosphere free of pollution. Teacher should give instruction to students avoid use of polythene bag and make use of recycling plastic.

5. **Dr. Dinesh Mahela, Assistant Professor ,Abhilashi University Mandi** deliberated on Role and responsibility of teacher, human right , consumer rights, and responsibility , Indian tradition and identity. He commented that human rights education is defined as “ the learning of law of human rights , it’s history theory etc”. It deals with strengthening of respect for human rights and fundamental freedoms , Full development of human personality and the sense of it’s dignity , promotion of understanding , tolerance , gender equality and friendship among all nations. He also said that right to consumer education means the right to acquire the knowledge and skill to be an informed consumer throughout life.
6. **Prof. R. K. Panigrahi, Abhilashi University, Mandi** deliberated on Observation: A Power Tool for Counsellors and Role of Teacher as a Counsellor and stressed that training is a most important requirement to be able to use this tool. Orientation may help to learn that; what to look for, how to record observations, etc. Some ethical issues may be taken care of like; unobtrusiveness is its greatest strength; also potential for abuse in invasion of privacy, one can venture into places and gather data almost anywhere, remember Human Subjects Protection guidelines, consent form for participating in an observational study, etc. It has many advantages like opportunity to record information as it occurs in a setting, study actual behaviour, study individuals who have difficulty verbalizing their ideas (e.g. pre-school children), easy to complete, saves time and it can be used in natural or experimental settings.
7. **Dr. D. K. Mishra Abhilashi University Mandi,** addressed on the topic the art of counselling students , suicide prevention, stress management and positive thinking. On this topic he said that student counselling aims to help students become self aware and reach their highest potential while dealing with anxiety and stress. counselling provides a happy and comfortable environment for the students. He said that it is possible to reduce the amount of stress you feel by having positive thoughts about the things that happen in

your daily Life . Positive thinking can reduce your stress level , help you feel better about yourself and improve your overall wellbeing and outlook.

**8. Dr. Rahul Shandilya Assistant professor Abhilashi University, Mandi** addressed on the topic Curriculum design and content development. He said that curriculum content simply means the totality of what is to be taught in a school system. The content component of teaching learning situation refers to the important facts , principles and concepts to be taught. Curriculum design refers to structure or organization of the curriculum and curriculum development includes the planning , implementation, and evaluation processes of the curriculum. Content development is the process of researching , writing, gathering, organizing and editing information for publication. Content development provide knowledgeable fillings to the users.

**9 .Dr. Vandana Kumari, Assitant Professor, Abhilashi University , Mandi** deliberated on Understanding Market based Developments related to Employability of the Students and focused on employability, skills required, skill deficit, recent developments, game/case and path forward. He emphasised on the basic skills like participation, learning by doing, power of questions, expression of ideas not just facts and introspection.

**10.Dr.Abhinav Rathore, Assistant Professor, Abhilashi University, Mandi** addressed on the topic strategic planning and management. He said that Strategic planning and management .in essence strategic planning is the process of setting goal deciding on action s to achieve those goals and mobilising the resources needed to take those action. A strategic plan describes how goals will be achieved through the available resources.

**11. Major (Retd.) J C Patial, Registrar, Abhilashi University, Mandi** deliberated on University Administration & Governance, University Rules & Regulations and Entitlements & Benefits. He stated that University administration and governance has a significance role to play and asserted that governance is fundamental and organizations may fail because of any problems at governance level. Ineffective governances compromise the ability of management to succeed. Effective governance assists the organization to succeed through efficient, respectful conflict of ideas, simple focused, integrated synergistic outlook and it leads to good outcomes, preserve community assets and satisfaction and enjoyment in the organization. Calling and running meetings,

building consensus, communicating and facilitating change are the major activities of academic leadership.

12. **Dr. Promila Abhilashi, COE, Abhilashi University, Mandi** discussed on Understanding Curriculum and its Design, Assessment Types, Levels and Framing of Questions and stated that Assessment should be valid, reliable, clear and consistent. It should be explicit, accessible, and transparent and at the same time inclusive and equitable. Assessment should be an integral part of programme design and should relate directly to the programme aims and learning outcomes. The amount of assessed work should be manageable and formative and summative assessment should be included in each programme. Timely feedback that promotes learning and facilitates improvement should be an integral part of the assessment process. She emphasised that staff development policy and strategy should include assessment and deliberated on the merits and limitations of CRT, achievement test and rubrics.
13. **Prof. R C Thakur, Dean Agriculture, Abhilashi University, Mandi** deliberated on effective use of technology for teaching, learning and evaluation. Effective resources are clearly written and designed in away that makes them easy to understand and use. They incorporate deliberate leaning supports that help learners understand key concept at the same time they take account of the need to organize material as clearly as possible to avoid overloading the users . In View of the fact that students are surrounded by visuals representations and audio –visual and auditory materials on a daily bases owing in particular to media such as television and the internet. It is extremely important to clearly define the conditions and methods of utilizing teaching and learning resources in teaching and learning process.
14. **Prof. L Raju, Dean Pharmacy, Abhilashi University, Mandi** convened on Role of Emotional Intelligence: and it's Importance in Work & other Areas of Life. He focused that emotional quotient can be instrumental in achieving success in many areas of professional life and can help in increasing productivity, speeding up adaptation to change, developing leadership skills and stimulating creativity. People with high EQ are happier, healthier and more successful in social relationship in their profession. He suggested that a person's ability to perceive, identify, and manage emotion provides the basis for the kinds of social and emotional competencies that are important for success in almost any job and use emotional intelligence to improve both productivity and psychological well-being in the workplace of tomorrow.

15. **Dr. Ajay Gautam, Agriculture, Abhilashi University, Mandi** familiarized the participants with the Law of Copyright, Patent and Access to Genetic Resources. He explained about the copyright variations in the composition of the rights depending on the work. He also discussed the rights related to copyright including those of performing artists in their performances, producers of phonograms in their recordings, and those of broadcasters in their radio and television programs. Moreover, he also discussed nature of rights consisting of statutory rights or negative rights, economic rights and moral rights.
16. **Prof. S C Chauhan, Dean Engg. & Technology, Abhilashi University, Mandi** discussed on Pedagogic Techniques and teaching and learning methods. Pedagogy is shaped by teaching beliefs of a teacher and relates the interplay between culture and a variety of methods of teaching. Pedagogy relates to the study of teaching strategies and how they influence the students. Pedagogic techniques are massed practice , distributed practice, learning probes, means – ends analysis.
17. **Prof. D K Mishra, Dean Ayurveda, Abhilashi University, Mandi** discussed on topic importance of Research in higher Education. At the higher education level, the improvement of infrastructure, quality faculty members, improved quality, students intake and connecting the society and its need for higher education. This will not only provide sustained development but also increase the sensitivity of the students towards society. University research has a valuable long term impact on students , no matter which subject you study, your textbooks and resources are usually informed by research carried out by academics.

<b>Conclusion of Programme</b>		

A 07 days Orientation Programme on Quality Issues for Teachers was organized by the office of the Dean (Ayurveda), Abhilashi University on September 4<sup>th</sup> – 10<sup>th</sup>, 2017. In this programme, teachers from various faculties of the Abhilashi University were participated. The Inaugural session of the Orientation Programme was held on September 4<sup>th</sup>, 2017. Prof. H S Banyal, Hon'ble, Vice-Chancellor, Abhilashi University presided over the inaugural ceremony of the programme. Prof. Naresh Sharma R.G.G.P.G.Paprola, Himachal Pradesh University graced the occasion. Prof. D.K.Mishra Dean (Ayurveda) Coordinator of the programme welcomed the dignitaries and introduced the theme of the programme.

### Inaugural Session

The Orientation Programme on Quality Issues for Teachers had three sessions daily. The experts deliberated on different topics as mentioned in the programme agenda followed by training activities related to their topic. Detail of different sessions of the Orientation Programme is as given below:-

1. **Prof. H S Banyal, Vice-Chancellor, Abhilashi University** discoursed on : Role of teacher as a counsellor. Orientation may help to learn that; what to look for, how to record observations, etc. Some ethical issues may be taken care of like; unobtrusiveness is its greatest strength; also potential for abuse in invasion of privacy, one can venture into places and gather data almost anywhere, remember Human Subjects Protection guidelines, consent form for participating in an observational study, etc. It has many advantages like opportunity to record information as it occurs in a setting, study actual

behaviour, study individuals who have difficulty verbalizing their ideas (e.g. pre-school children), easy to complete, saves time and it can be used in natural or experimental settings

2. **Prof. Dr. D. K. Mishra:** Using technology to meet the challenges of medical education. The use of technology in medical education has been developing over many years the changing health care environment with the movement of medical care from the traditional hospital setting to ambulatory medicine has necessitated the ability to provide care in a much shorter period of time and requires changes in documentation with all information including both health knowledge and medical records becoming digital.
3. **Dr. Promila Abhilashi:** University structure and functioning function and objectives of a university provides for instructions and research activities confers degrees and other academic distinctions. Confers honorary degrees. Creates teaching posts , administrative and other ministerial posts as required institutes maintains college and hostels.

A person's growth and understanding can only be assessed through self awareness and it is no different for those working in a therapeutic profession. being continually open to personal , carrier and development will help a counsellor fully understand their values and self. She also focused that emotional quotient can be instrumental in achieving success in many areas of professional life and can help in increasing productivity, speeding up adaptation to change, developing leadership skills and stimulating creativity.
4. **Prof. A. S. Guleria:** He delivered on Academic Leadership and commented that the main focus of academic leadership is calling & running meetings, building consensus, communicating and facilitating change. Change management initiatives usually face resistance from faculty and staff. To deal with such issues, clarity of vision and process should be encouraged with those affected by proposed changes and change theory needs to be combined with persuasion techniques. Indulging in interactive bargaining, let people understand that their interests are going to be met. Make the faculty feel that they have been heard and the leader has thoroughly considered their opinions.
5. **Prof. S. S. Masand :** discussed the role and contribution of faculty or different academics to higher education sector and issues in Indian higher education through case studies of private, state and central Universities. Beginning from the conceptual meaning of the University, Prof. Gonsalves commented on the world history of Universities and origin and development of Indian Universities. He stressed that Universities can help in

great deal to produced leadership in all sphere, i.e. politics, admin, education, management, law, art, literature, health, engineering, etc. It can contribute to create Nobel prize winners and Laureates. Commenting on the role of Indian Universities, he told that Nalanda was an eminent centre of learning long before Oxford, Cambridge and Europe's oldest University Bologna were evolved. Nalanda University in northern India drew scholars from all over Asia, surviving for hundreds of years before being destroyed by invaders in 1193. Some buildings were constructed by the Mauryan emperor Ashoka the Great (i.e. Raja Asoka: 273–232 BCE) which is an indication of an early establishment. It has been called "one of the first great Universities in recorded history.

6. **Prof. Naresh Sharma :** " the science of life " Ayurvedic knowledge orientation in India. Ayurveda has been considered as a science of life but it seems to be considerably broader according to the classical texts of ayurveda. The main objective of the subject is to deliver the tremendous knowledge to worldwide.
7. **Mr. Narendra Kumar:** deliberated on Curriculum Design & Development, Conventional & Non-conventional Methods and emphasised on the four steps of the curriculum development process (Ralph Tyler's Model). He explained how to define objectives and focus on the educational purposes, selection of content & learning experiences focusing on type of content & educational experiences to be provided to attain the objectives. He also deliberated upon organization of content & learning experiences in order to achieve the objective of successful teaching learning and curriculum evaluation to determine whether it is helpful in the attainment of objectives or not.
8. **Major (retd.) J. C. Patial:** Strategic planning and management .in essence strategic planning is the process of setting goal deciding on action s to achieve those goals and mobilising the resources needed to take those action. A strategic plan describes how goals will be achieved through the available resources.
9. **Dr. Shukwinder Pal. Singh:** The learning Ayurveda –'Ayurveda is regarded as one of the ancient most science learning is relatively permanent change in a person's knowledge or behaviour due to experience . The word lecture is spoken by the instructor it is easy and convenient to convey most information's efficiently.
10. **Prof. L. Raju:** University governance and administration. deliberated on University Administration & Governance, University Rules & Regulations and Entitlements &

Benefits. He stated that University administration and governance has a significance role to play and asserted that governance is fundamental and organizations may fail because of any problems at governance level.. Calling and running meetings, building consensus, communicating and facilitating change are the major activities of academic leadership.

11. **Dr. Pankaj Saklani: teaching and lecturing method., Abhilashi University, Mandi** lecture is a medium offering a relatively passive and unstimulating experience for learners. It is used by an expert to impart knowledge to a large group in a short period of time.
12. **Prof. S. C. Chauhan : Effective use of technology for teaching, learning and evaluation** Developments related to Employability of the Students and focused on employability, skills required, skill deficit, recent developments, game/case and path forward. He emphasised on the basic skills like participation, learning by doing, power of questions, expression of ideas not just facts and introspection.
13. **Dr. Ajay Gautam: Research and higher education.** deliberated on Issues and Problems and detailed that performance standards communicate expectations for each responsibility area of the job performance. The major performance standards identified are designing learning experiences for students, knowledge and understanding of subject matter, strategies for facilitating learning, interpersonal relationship, professional development, institutional development and attendance/regularity.
14. **Dr. Vinod Katoch: lecture delivery :-some hints., Abhilashi University, Mandi** deliberated on uses , effective presentation. Strategies, how to maintain regular eye contact with the entire class, how to avoid turning away from the students when you speak importance of smart classes and good conversational tone.
15. **Dr. Promila Abhilashi: Personal –emotional development and counselling.** highlighted the importance of guidance and counselling in the present scenario to identify strengths and weaknesses of the individuals and at the same time work on their strengths and area of interest to do wonders in future.
16. **Prof. R C Thakur: Assessment and evaluation of learning** deliberated on Assessment should be an integral part of programme design and should relate directly to the programme aims and learning outcomes. The amount of assessed work should be manageable and formative and summative assessment should be included in each programme.

17. **Prof.D. K. Mishra: An overview on world class training and consultation, Abhilashi University, Mandi** discussed latest methods of teaching and focused on delivery of lesson on particular topic clearly enough so that students from diverse background and abilities should be able to understand it without much hindrance.
18. **Dr. Ajay Gautam: E-content development and MOOCs Hamirpur** conversed on e-Content Development, Sensitive Issues in Indian Context for Development of e-Content and Open Educational Resources. He remarked that electronic content (e-content) is also known as digital content which refers to the content or information delivered over network based electronic devices or that is made available using computer network such as internet. He discussed on open educational resources as e-Pathshala, MOOCs, Mobile Apps, etc.
19. **Dr. Rahul: teaching and research as an institution of national importance Abhilashi University, Mandi** deliberated on teaching as research involves the deliberate , systematic and reflective use of research methods to develop and implement teaching practices that advance the learning experiences and outcomes of the students and teachers.

10:30 am – 11:30 am	<b>Track 1:</b> Dr. Saudamani Devi: Role of drug addiction in change of behavioural pattern in students and its treatment.	Dr. Saudamani Devi
11:30 am – 12:30 pm	<b>Track 2:</b> Er.Kapil Kapoor (Registrar) Study of managerial skills of principals of teacher education institutions and heads of teacher education departments.	
12:30 pm – 1:30 pm	<b>Track 3:</b> Dr.PromilaAbhilashi: Study of programmes for aesthetic, cultural, moral, religious and spiritual development of teacher trainees.	
<b>8<sup>th</sup> Sept. 2018</b>		
10:30 am – 11:30 am	<b>Track 1:</b> Dr. Sarika Vishnu Nehre: Study of the relationship between research on teaching, educational innovations and teaching practices.	Dr. Ved Prakash Sharma
11:30 am – 12:30 pm	<b>Track 2:</b> Prof. L Raju: Study of the quality, methods employed and area covered in demonstration lessons delivered by faculty members of teacher training institutions and school teachers.	
12:30 pm – 1:30 pm	<b>Track 3:</b> Dr.Rahul Developing a curriculum including instructional material in print for Educational Psychology course based on Vedic Psychology.	
<b>9<sup>th</sup> Sept. 2018</b>		
10:30 am – 11:30 am	<b>Track 1:</b> Dr. Anjana Tak: Study of self-initiated professional development activities of teachers	Dr. Anjana Tak
11:30 am – 12:30 pm	<b>Track 2:</b> Dr.Sukhwinder Pal Singh: Counselling Strategies and Stress & Time Management	
12:30 pm – 1:30 pm	<b>Track 3:</b> Prof. D.K. Mishra: Perceptions of student teachers - male and female about effectiveness of school teachers - male and female, giving guidance to them during practice teaching	
<b>Conclusion of Programme</b>		

2

1. A 06 days Orientation Programme on Quality Issues for Teachers was organized by the office of the Dean (Academics), Abhilashi University on September 03<sup>rd</sup> – 09<sup>th</sup>, 2018. In this programme, teachers from various faculties of the Abhilashi University were participated. The Inaugural session of the Orientation Programme was held on September 03, 2018. Prof.AS. Guleria, Hon'ble, Vice-Chancellor, Abhilashi University presided over the inaugural ceremony of the programme. Dr. R K Abhilashi (Chancellor) and Shri. L K Abhilashi (Pro-Chancellor), Er.Kapil Kapoor (Registrar), Prof. D.K Mishra (Dean, Ayurveda) , Dr.Sukhwinder Pal Singh, Dr.Malkit Singh, Dr.Pankaj Saklani graced the occasion Coordinator of the programme welcomed the dignitaries and introduced the theme of the programme.

#### Inaugural Session

The Orientation Programme on Quality Issues for Teachers had three sessions daily. The experts deliberated on different topics as mentioned in the programme agenda followed by training activities related to their topic. Detail of different sessions of the Orientation Programme is as given below:-

1. **Professor AS. Guleria, Vice-Chancellor, Abhilashi University** Simply writing down a formal plan will not help new employees succeed. Its purpose to engage important stakeholders and new employees in interactions that help them understand one another and how they interact over time. Used in conjunction with HRM best practices, effective onboarding will result in a faster learning curve for new hires, improved communication, and a more productive and engaged workforce.
2. **Dr.Abhinav Rathore Abhilashi University** discussed about Even though a majority of the QI projects reported improvements, the widespread challenges with low adherence to key methodological features in the individual projects pose a challenge for the legitimacy of PDSA-based QI. This review indicates that there is a continued need for improvement in quality improvement methodology.

*A*

3. **Prof.S.C Chauhan Dean of Studies** The present study explore the pedagogy, attitude and self concept of secondary school science teachers and its effect on students self efficacy. Findings of the study indicate that there are significant differences in the pedagogy, attitude and self concept of secondary school science teachers. These factors affect students self efficacy. Self-efficacy, a key element of social cognitive theory, appears to be an important variable because it affects students' motivation and learning. Individuals with a weak notion of self-efficacy are inclined to think that tasks seem more difficult than they actually are. These thoughts are a breeding ground for feelings of failure and depression, tension and helplessness. A strong notion of self-efficacy, on the other hand, creates feelings of tranquility and challenge in the face of difficult tasks. So teachers must have a healthy relationship with their students and must follow the psychological principal of learning.
4. **Prof. Uma G Gubbi Rajiv Gandhi University of Health Sciences Bangluru** It concluded that teachers' age, educational qualification, and years of teaching experience had significant statistical influence on their classroom management effectiveness in the study area. On the other hand, teachers' gender and their educational discipline had no significant statistical influence on their classroom management effectiveness in the study area.
5. **Dr.Dinesh Kumar RGGPG Ayurvedic College Paprola** discussed After pre teaching student teachers found very communicative with the planning process. They found more goal oriented, confident and pre planned. Pre teaching encourages the students in synthesizing information about the topic, technical presentation and student's discipline. Female student teachers are observed as more skillful teachers. It encourages a relationship of motivation and discovered more information between previous and present structured teaching technique..
6. **Prof. A S Guleria, Dean (Academics), Abhilashi University, Mandi** Discused on 8 of the most popular modern teaching methodologies eg Flipped Classroom, Project-Based Learning, Cooperative Learning, Gamification, Problem-Based Learning, Design Thinking, Thinking-Based Learning, Competency-Based Learning.
7. **Dr.Pankaj Saldani Abhilashi University, Mandi** Resources are regarded as an integral part of not only educational institutions, but alsoother organizations as well. The major types of resources that are influencing the system of education are, teaching-learning resources, human resources and financial resources. Physical resources are the ones that are primarily related to the environmental conditions. The characteristics of physical resources are, adequacy, safety, infrastructure and equipment, civic amenities, co-ordination, efficiency and unity, amiability and approachability, adaptability, economy and teaching-learning materials. The procedure of management of physical resources.

require the following aspects. These are, making a survey of resources, conducting an analysis of the present position of resources and preparing improvement program projects. The improvements made in the resources are considered vital to enhance the status and reputation of the educational institutions within the community. Therefore, it is vital for the members of the educational institutions to ensure that they implement operative decisions and make use of resources in a productive manner.

8. **Dr. Vinod Katoch Abhilashi University, Mandi** Soil Health Enhancement, Irrigation Water: Supply Augmentation and Demand Management, about cultivation, medicinal uses of drugs, climatic effect on drugs, soil ph.
9. **Dr. Rajesh Chaudhary RGGPG Ayurvedic College Paprola** it is concluded that KPIs should be directly linked to the Strategic Plan and Risk Management Plan. There are underlying challenges in developing and implementing KPIs; hence, educational leaders should work closely with concerned stakeholders to overcome and address the above mentioned challenges for successful implementation and measurement systems of the KPIs.
10. **Dr. Dhiraj Govindrao Jangale University of Pune** valuing, addressing, and integrating indigenous knowledge or indigenous knowledge is integrated into the classroom or learning environment, students better connect to the material taught and can become the major knowledge sources for their communities' sustainable development
11. **Dr. Om Sharma, Research Officer, Ministry of Ayush, GOI** that good nutrition is fundamental for children's current and future health, as well as their development and learning. The benefits of developing healthy dietary and lifestyle patterns from an early age onwards can positively impact on people's nutrition and health throughout their adult lives, and enhance the productivity of individuals and nations. Nutrition education is an important element in an overall strategy aimed at improving food security and preventing all forms of malnutrition. Schools (from pre-school to secondary) are ideal settings for promoting lifelong healthy eating habits and lifestyles.
12. **Dr. Kumar SK RGUHS Bangluru** sychologists working in education study the social, emotional and cognitive processes involved in learning and apply their findings to improve the learning process. Some specialize in the educational development of a specific group of people such as children, adolescents or adults, while others focus on specific learning challenges such as attention deficit hyperactivity disorder (ADHD) or

dyslexia. No matter the population they are studying, these professionals are interested in teaching methods, the instructional process and different learning outcomes.

13. **Dr. Saudamani Devi GPAM Orissa** Drug abuse can affect several aspects of a person's physical and psychological health. Certain drugs can lead to drowsiness and slow breathing, while others may cause insomnia, paranoia, or hallucinations. Chronic drug use is associated with cardiovascular, kidney, and liver disease. In addition to its physical effects, drug abuse can adversely affect a person's relationships, home and work life, and mental health. Care providers should tailor treatment to a person's needs. Community-based organizations and state-funded treatment programs usually involve a combination of behavioral therapy, group therapy, and medication
14. **Er. Kapil Kapoor (Registrar)** deliberated on Managing educational systems demand that principals should possess adequate managerial skills. Many principals who do not possess some of the managerial skills for effective management of schools and institutions the principals would not be able to effectively organize and direct group behavior and Principal's should be encouraged and sponsored to undertake research on managerial skills individually, or in group. This will no doubt enhance managerial ability.
15. **Dr. Promila Abhilashi, Abhilashi University, Mandi** discussed on Spirituality is recognized as one of the ways people construct knowledge and meaning in life; it deals with the sphere of values and beliefs, and informs the choices and actions of many individuals. However, spirituality is frequently underused in practice in teacher education. When it comes to the area of special education teacher training, the lack of literature is even more acute. This paper explores issues related to teachers' inner life development and its relationship to special education teacher training. Specifically, this chapter examines an approach to education that seeks to balance an acquired intellectual knowledge with consideration of the importance of spirituality. In this context, the author addresses the following aspects: (a) spirituality as an essential component of teacher education, (b) the importance of spirituality in special education teacher training, and (c) implications of spirituality in special education teacher training.
16. **Dr. Sarika Vishnu Nehre MUHS Nashik** Teachers in the research area have a high degree of student-centred teaching concept in their teaching beliefs. Teachers in the research area have a high level style of instructional innovation. There is a positive relationship between the teaching beliefs and the instructional innovation. Teacher with a high degree of student-centred teaching concept would exhibit a higher level style of in-

A

structional innovation. Multiple regression analysis can be used to infer causal relationships between the teachers' teaching beliefs and instructional innovation.

17. **Prof. L. Raju, Dean Pharmacy, Abhilashi University, Mandi** convened on Teacher education refers to the policies and procedures designed to equip prospective teachers with the knowledge, attitudes, behaviors and skills they require to perform their tasks effectively in the classroom, school and wider community.
18. **Dr. Rahul Abhilashi University, Mandi** Vedic counseling forms the background teaching for any education, guidance or therapy in the Vedic field. This includes Yoga, Ayurveda, Vedanta, Jyotish, Vastu and Sanskrit, along with the principles of Vedic living overall as karma and dharma. It extends to mantra and meditation to heal and uplift the mind. Vedic counseling is primarily a psychological approach and the foundation for Vedic psychology.
19. **Dr. Anjana Tak Rajiv Gandhi Ayurveda College, Paprola** this study attempted to assess the teachers' conceptions about the role of the self-initiated professional development and the practical experiences they had in improving their professions. A few conclusions were drawn from the survey results. 1. The teachers seemed to be more conscious about the importance of self-initiated professional development. The participant teachers tended to acknowledge the significant roles that the self-driven activities and tasks of professionalism in bringing about real change on teachers' pedagogical effectiveness and efficiency. 2. The teachers appeared to decline on implementing personally driven professional tasks and activities during their day-day-to life, and 3. The teachers seemed to be less confident on the provisions of support and follow up from their schools and others concerned for carrying out the self-initiated professional development. Therefore, for the teachers to involve in practical experiences of professionalism, not only preparing their working environment suitable but also helping the teachers recognize the challenges they have to face in doing professional development activities and tasks
20. **Dr. Sukhwinder Pal Singh Ayurveda, Abhilashi University, Mandi** deliberated on Counselling Strategies and Stress & Time Management and highlighted the importance of guidance and counselling in the present scenario to identify strengths and weaknesses of the individuals and at the same time work on their strengths and area of interest to do wonders in future.

21. Prof. D K Mishra, Dean Ayurveda, Abhilashi University, Mandi Quantitative analysis revealed no statistically significant differences; however, qualitative analysis showed that there were more negative responses to survey statements pertaining to males. More than half of the participants perceived differences between female and male elementary teachers, including beliefs that female teachers are more nurturing, that male teachers are more laid back, and that male teachers are more dominant and commanding with students. Four conclusions were drawn: elementary teachers perceive differences between female and male teachers, male elementary teachers are perceived more negatively than female colleagues, a vast majority of participants feel that more male elementary teachers are needed in the elementary schools, and differences between female and male elementary teachers remain unclear.

## Seminar / Conference / Training Feedback Form

Event Name: Orientation Program on Quality issues for Teachers

Event Venue: Abhilashi University Date: \_\_\_\_\_

Name of participant: Dr. Priyanka Sharma

Group / Association Name: School of Ayurveda

1. How useful did you think this event was for you?  
(please circle the appropriate number where 1 = not at all useful and 5 = extremely useful)

1	2	3	4	5
---	---	---	---	---

2. Do you think this venue was appropriate?

Yes	No
-----	----

3. Did you receive all the information you required at this Venue?

Yes	No
-----	----

PLEASE COMMENT OVERLEAF

4. If you attended (if appropriate) any of the question and answer sessions do you agree that the, Tutor / Leader / Instructor provided the information asked for in these sessions.

(please circle the appropriate number 1 = disagree and 5 = completely agree)

1	2	3	4	5
---	---	---	---	---

5. How would you rate any workshops attended :

(please circle the appropriate number where 1 = not at all useful and 5 = extremely useful)

1	2	3	4	5
---	---	---	---	---

PLEASE SUPPLY BRIEF INFO ON THIS AND COMMENT OVERLEAF

Conclusion of Programme		

A 07 days Orientation Programme on Quality Issues for Teachers was organized by the office of the Dean (Ayurveda), Abhilashi University on October 07<sup>th</sup> – 13<sup>th</sup>, 2019. In this programme, teachers from various faculties of the Abhilashi University participated. The Inaugural session of the Orientation Programme was held on October 07, 2019. Dr Promila Abhilashi, Hon'ble, Vice-Chancellor, Abhilashi University presided over the inaugural ceremony of the programme. Dr. D.K.Mishra, Dr.Sukhwinder Pal Singh and Dr.Pankaj Saklani, graced the occasion. Dr. D.K.Mishra, Dean (Ayurveda) Coordinator of the programme welcomed the dignitaries and introduced the theme of the programme.

### Inaugural Session

The Orientation Programme on Quality Issues for Teachers had two or three sessions. The experts deliberated on different topics as mentioned in the programme agenda followed by training activities related to their topic. Detail of different sessions of the Orientation Programme is as given below:-

- 1. Dr. Promila Abhilashi, VC, Abhilashi University** discoursed on the University officer's role, powers & responsibilities and emphasised on the accountability of VCs, Pro-VCs, Registrars, Deans, HODs, Professors, etc. He also discussed the misappropriation and utilization of the powers and responsibilities by the university officials as per the rules and guidelines of the University regulations. The structure of University was also the subject of thought.
- 2. Dr. Sukhwinder Pal Singh, Reader, Abhilashi university Mandi** discussed the topic "Roles and responsibilities of a faculty in higher education". He commented on

formulation of academic aim and objectives of the institution and guides the institutes towards the achievement of the same.

3. **Dr. Abhinav Rathore, Assistant professor Abhilashi University, Mandi** delivered on topic "Research in higher education". He commented that Research ethics provides guidelines for the responsible conduct of research.. He said that one should honestly report data, results, methods, procedures and publication status. In objectivity he said , strive to avoid bias in experimental design , data analysis, data interpretation, peer review, personnel decisions, grant writing and other aspects of research.
4. **Dr. Vinod Katoch, Assistant Professor Abhilashi University, Mandi** discussed on Role of hygiene in personality development. He commented that maintaining personal hygiene is necessary for many reasons; personal, social, health, psychological or simply as a way of life. Keeping a good standard of hygiene helps to prevent the development and spread of infections.
5. **Dr. Dinesh Mahela, Assistant Professor, Abhilashi University Mandi** deliberated on Role and responsibility of teacher, human right, consumer rights, and responsibility, Indian tradition and identity. He commented that human rights education is defined as "the learning of law of human rights, its history theory etc". It deals with strengthening of respect for human rights and fundamental freedoms, Full development of human personality and the sense of its dignity, promotion of understanding, tolerance , gender equality and friendship among all nations. He also said that right to consumer education means the right to acquire the knowledge and skill to be an informed consumer throughout life.
6. **Dr. Manu Verma, Assistant Professor, Abhilashi University, Mandi** deliberated on Observation: A Power Tool for Counsellors and Role of Teacher as a Counsellor and stressed that training is a most important requirement to be able to use this tool. Orientation may help to learn that; what to look for, how to record observations, etc. Some ethical issues may be taken care of like; unobtrusiveness is its greatest strength; also potential for abuse in invasion of privacy, one can venture into places and gather data almost anywhere, remember Human Subjects Protection guidelines, consent form for participating in an observational study, etc. It has many advantages like opportunity to record information as it occurs in a setting, study actual behaviour, study individuals who have difficulty verbalizing their ideas (e.g. pre-school children), easy to complete, saves time and it can be used in natural or experimental settings.

7. **Dr. D. K. Mishra** **Abhilashi University Mandi** addressed on the topic the art of counselling students, suicide prevention, stress management and positive thinking. On this topic he said that student counselling aims to help students become self aware and reach their highest potential while dealing with anxiety and stress. Counselling provides a happy and comfortable environment for the students. He said that it is possible to reduce the amount of stress you feel by having positive thoughts about the things that happen in your daily Life. Positive thinking can reduce your stress level , help you feel better about yourself and improve your overall wellbeing and outlook.
8. **Dr. Yogesh Sharma, Associate professor Abhilashi University, Mandi** addressed on the topic "The need for diversity in higher education". He said that diversity challenges stereotyped people of varied backgrounds. He also focused on strengthens the communities and the work place.
9. **Dr. Bhawana Sharma, Assistant Professor, Abhilashi University, Mandi,** deliberated on "Organizational approaches to stress and time management" she focused organisation can take many steps to helping employees with stress including heaving more clear expectation of them. Creating jobs where employces have autonomy and control and creating a fair work environment. Finally larger organisations normally utilize outside resources to help employees get professional help when needed.
10. **Dr. Pankaj Saklani, Associate Professor, Abhilashi University, Mandi** addressed on the topic "Consequences of work life imbalance". He focused on mental health and he said that many people expose themselves unsolicited to the so called job stress, because the hard worker enjoys a very high social recognition. These aspects can be the cause of an imbalance in the areas of life. This can contribute to the perception of chronic lack of time, this time pressure is influenced by their own age, no. of children, marital status, the profession as well as the income level.
11. **Dr Rahul, Assistant Professor, Abhilashi University, Mandi** deliberated on "University Administration & Governance". He stated that University administration and governance has a significance role to play and asserted that governance is fundamental and organizations may fail because of any problems at governance level. Ineffective governances compromise the ability of management to succeed. Effective governance assists the organization to succeed through efficient, respectful conflict of ideas, simple

focused, integrated synergistic outlook and it leads to good outcomes, preserve community assets and satisfaction and enjoyment in the organization. Calling and running meetings, building consensus, communicating and facilitating change are the major activities of academic leadership.

12. **Dr. Vikas Bharmauria, Assistant Professor, Abhilashi University, Mandi** discussed on Approaches to assess emotional intelligence, and stated that how to maximise their employees potential performance through emotional intelligence training and also explains need to understand the challenges involved in choosing appropriate approaches and measures to this end. An understanding of the strengths and weaknesses of these approaches and measures has implications for the design of such training programs.
13. **Dr Nitin Kumar, Assistant Professor, Abhilashi University, Mandi** deliberated on "the meaning of curriculum content and learning experiences". Learning experience refers to any interactions, course, program or other experience in which learning takes place whether it occurs in traditional academic settings or non traditional settings. He said that students may learn in wide variety of settings and ways such as digital methods and smart classes etc.
14. **Dr. Monika Sharma, Associate Professor, Abhilashi University, Mandi** convened on "University structure and functioning", she stated about the instruction and research activities which confers degrees and other academic distinctions. She said about the function of university shall provide courses of study, conduct examinations and about degrees and other qualifications and shall promote and facilitate research work and university may collaborate with educational, professional, cultural and other interests. She also focused on that university may collaborate with graduates, convocation of graduates both inside and outside the state.
15. **Dr. Ajay Gautam, Agriculture, Abhilashi University, Mandi** familiarized the participants with the "Law of Copyright, Patent and Access to Genetic Resources". He explained about the copyright variations in the composition of the rights depending on the work. He also discussed the rights related to copyright including those of performing artists in their performances, producers of phonograms in their recordings, and those of broadcasters in their radio and television programs. Moreover, he also discussed nature of rights consisting of statutory rights or negative rights, economic rights and moral rights.
16. **Dr. Vikas Kumar, Assistant Professor, Abhilashi University, Mandi** discussed on "Role of E-content development". Information technology and the internet are major drivers of research, innovation, growth and social change. The growth in internet has

brought changes in all walks of life including the education. E content requires huge amount of creativity both at information level as well as technology level. He discussed the model and different phases of e content methodologies with its characteristics.

17. **Prof. D K Mishra, Dean Ayurveda, Abhilashi University, Mandi** discussed on topic "Professional Education Issues & Challenges", Status of Higher Education in India and Academic Leadership and commented that the main focus of academic leadership is calling & running meetings, building consensus, communicating and facilitating change. Change management initiatives usually face resistance from faculty and staff. To deal with such issues, clarity of vision and process should be encouraged with those affected by proposed changes and change theory needs to be combined with persuasion techniques. Indulging in interactive bargaining, let people understand that their interests are going to be met. Make the faculty feel that they have been heard and the leader has thoroughly considered their opinions.

## Seminar / Conference / Training Feedback Form

Event Name: Orientation Program on Quality Issues for teachers

Event Venue: Abhilashi University - Conference Hall Date: 13/10/2019

Name of participant: Prof. D.K. Mishra

Group / Association Name: Abhilashi University

1. How useful did you think this event was for you?  
(please circle the appropriate number where 1 = not at all useful and 5 = extremely useful)

1	2	3	4 ✓	5
---	---	---	-----	---

2. Do you think this venue was appropriate?

Yes ✓	No
-------	----

3. Did you receive all the information you required at this Venue?

Yes ✓	No
-------	----

PLEASE COMMENT OVERLEAF

4. If you attended (if appropriate) any of the question and answer sessions do you agree that the, Tutor / Leader / Instructor provided the information asked for in these sessions.

(please circle the appropriate number 1 = disagree and 5 = completely agree)

1	2	3	4	5 ✓
---	---	---	---	-----

5. How would you rate any workshops attended :

(please circle the appropriate number where 1 = not at all useful and 5 = extremely useful)

1	2	3	4	5 ✓
---	---	---	---	-----

PLEASE SUPPLY BRIEF INFO ON THIS AND COMMENT OVERLEAF

Good job, keep it up.

### CONCLUSIN OF PROGRAMME

A 07 days online Orientation Programme on Quality Issues for Teachers was organized by Abhilashi Ayurvedic College and Research Institute, on September 21<sup>st</sup> – 27<sup>th</sup>, 2020. In this

programme, teachers from various faculties of the Abhilashi University were participated. The Inaugural session of the Orientation Programme was held on September 21, 2016. Prof. H S Banyal, Hon'ble, Vice-Chancellor, Abhilashi University presided over the inaugural ceremony of the programme. Dr.Pankaj Saklani, Coordinator of the programme welcomed the dignitaries and introduced the theme of the programme.

### Inaugural Session

The Orientation Programme on Quality Issues for Teachers had two sessions daily. The experts deliberated on different topics as mentioned in the programme agenda followed by training activities related to their topic. Detail of different sessions of the Orientation Programme is as given below:-

1. **Prof. H S Banyal, Vice-Chancellor, Abhilashi University** discoursed on the University officers' role, powers & responsibilities and emphasised on the accountability of VCs, Pro-VCs, Registrars, Deans, HODs, Professors, etc. He also discussed the utilization and misappropriation of the powers and responsibilities by the university officials as per the rules and guidelines of the University regulations. The University structure was also the subject of thoughts.
2. **Dr. Promilla Abhilashi, Vice Chairperson, Abhilashi University** discussed the role, aim, regulatory structure and contribution of Universities to higher education sector. Beginning from the conceptual meaning of the University, Prof. Gonsalves commented on the world history of Universities and origin and development of Indian Universities. He stressed that University should create awareness in students for protecting the directive principles as to be laid down in the constitution. Universities can help in great deal to produced leadership in all sphere, i.e. politics, admin, education, management, law, art, literature, health, engineering, etc. University should generate new ideas and discard those which are likely to prevent the growth of the nation. It can contribute to create Nobel prize winners and Laureates.
3. **Dr. Ajay Gautam** conceptualize the nuances of curriculum design and its components which contribute to the growth and development in their respective university. He also deliberated Implications for Curriculum Designing, Teaching-Learning & Evaluation and Curriculum Decision Making in Higher Education. He emphasised to use different online electronic tools and handle them effectively to fit today's teachers' needs. He also explains Content development and digital resources. He explains the practices and principles in designing and developing a curriculum including knowledge and

understanding about scope, measurability, sequence and program designs between a planned program and an implemented program

4. **Prof. D.K. Mishra, Dean Ayurveda, Abhilashi** discussed the phases, various approaches, pedagogy, management and levels of teaching. He also explains the educational philosophy, the demography of the classroom, subject areas and the educational goals according to the needs of the students.
5. **Dr. Dinesh, HOD, Kayachikitsa, Abhilashi** focusing on global trends in education and changing role of teachers and their education. He emphasised that peace education, human rights education, inter-cultural education, social & economic justice and education for sustainable. Assessment in classroom research to provide useful feedback for the improvement of teaching and learning. He deliberated classroom assessment helps individual college teachers obtain useful feedback on what, how well their students are learning. Faculty can then use this information to refocus their teaching to help students make their learning more efficient and more effective.
6. **Dr. Amit Chaudhary, Dean Pharmacy, Abhilashi** deliberated that higher education is a very important sector for the growth and development of human resource while, higher education gives India an edge in the world economy as evident from the availability of the skilled manpower, and research scholars working abroad.
7. **Dr. Sukhwinder, HOD Agadtantra, Abhilashi** deliberated Role of Teacher as a Counsellor and stressed that training is a most important requirement to be able to use this tool. He explains the way to deal effectively with different type of personalities and provided information about stress and time and the ways to manage both among the learners. He convened on Emotional Intelligence: Concept, Approaches and Importance in Work & other Areas of Life. He focused that emotional quotient can be instrumental in achieving success in many areas of professional life and can help in increasing productivity, speeding up adaptation to change, developing leadership skills and stimulating creativity. People with high EQ are happier, healthier and more successful in social relationship in their profession. He suggested that a person's ability to perceive, identify, and manage emotion provides the basis for the kinds of social and emotional competencies that are important for success in almost any job and use emotional intelligence to improve both productivity and psychological well-being in the workplace of tomorrow.

8. **Dr. Devender Thakur, Dean Engineering**, conferred on integration of ICT to enhance teaching learning & evaluation and on lesson planning & approaches to lesson planning. He commented to support both teaching and learning, technology infuses classrooms with digital learning tools, such as computers, projectors and hand held devices. They not only disseminate knowledge but also create & generate new knowledge. In teaching, mastery of subject matter & effective communication skills are critical components of competence.
9. **Er. Kapil Kapoor, Registrar, Abhilashi**, conversed on e-Content Development, Sensitive Issues in Indian Context for Development of e-Content and Open Educational Resources. He remarked that electronic content (e-content) is also known as digital content which refers to the content or information delivered over network based electronic devices or that is made available using computer network such as internet. He discussed on open educational resources as e-Pathshala, MOOCs, Mobile Apps, etc. He emphasised on sensitive issues in e-Content development which need dire attention and resolution, like factual accuracy and compliance, resources for your information, etc
10. **Dr. Shanti Saroop Masand, Dean Agriculture** deliberated on University Administration & Governance, University Rules & Regulations and Entitlements & Benefits. He stated that University administration and governance has a significance role to play and asserted that governance is fundamental and organizations may fail because of any problems at governance level. Ineffective governances compromise the ability of management to succeed. Effective governance assists the organization to succeed through efficient, respectful conflict of ideas, simple focused, integrated synergistic outlook and it leads to good outcomes, preserve community assets and satisfaction and enjoyment in the organization. Calling and running meetings, building consensus, communicating and facilitating change are the major activities of academic leadership.
11. **Dr. Sachin Goel, Dean Academics** delivered on Professional Education Issues & Challenges, Status of Higher Education in India and Academic Leadership and commented that the main focus of academic leadership is calling & running meetings, building consensus, communicating and facilitating change. Change management initiatives usually face resistance from faculty and staff. To deal with such issues, clarity of vision and process should be encouraged with those affected by proposed changes and change theory needs to

be combined with persuasion techniques. Indulging in interactive bargaining. let people understand that their interests are going to be met. Make the faculty feel that they have been heard and the leader has thoroughly considered their opinions

12. **Dr. Parikshit, Dean Student welfare** addressed on key strategic planning and management, developing organization aspiration and strategy for growth in the present scenario to identify the strengths and weaknesses of the individuals . Strategic roadmap and highlighted a number of key strategies.
