

SCHOOL OF MANAGEMENT

Activities 2023

Induction Programme:

The School of Management of Abhilashi University organized a two weeklong induction program for the fresh entrants to MBA. Programmes, in line with the AICTE requirements. The objective of this program was to acclimatize the students to the new environment and get them acquainted with the institution culture. The induction program comprised of interesting activities like management games, talent hunt, social sensitization, team building activities, corporate guest lectures, and campus orientation sessions. The rationale for induction was to ensure a smooth transition for the students into the university system.

Industrial Visit:

Industrial visits are usually the first point of interaction between a student and a live working industry. The students learn about the latest technology trend and make up their minds about their future job or area of interest. Industrial visits bridge the widening gap between theoretical learning and practical exposure by giving students the first-hand exposure to identify the inputs and outputs for different business operations and processes performed at the workplace. Intending to go beyond classroom learning, the industrial tours contribute a lot in holistic student development by letting students learn about the current trends in the market, the future scenario of the industry and the new technologies that are being applied in the industry.

Group Discussion:

Group Discussion is a type of discussion that involves people sharing ideas or activities. Students in the group discussion are connected with one basic idea. Based on that idea, everyone in the group represents his/her perspective.

Quiz Competition: A quiz competition is a special assessment conducted by the school, to check the participants' general knowledge about a particular subject or different subjects.

Presentation:

Presentations are typically demonstrations, introduction, lecture, or speech meant to inform, persuade, inspire, motivate, build goodwill, or present a new idea/product. Presentations usually require preparation, organization, event planning, writing, use of visual aids, dealing with stress, and answering questions.
