“ We should indulge in God remembrance every moment. ”

We should always remember the formless God. We must never forget the presence of formless God. It is generally said that God remembrance is not mere recitation. Yes, that's true and we don't have to indulge in recitation. But we must feel his presence every moment. We are not bound by any particular time or place for God remembrance. But like when our mobile phones do not get any signals, we use land line phones to make a call, similarly, if one feels that he/she is lacking in '**Sumiran**' then one should sit with family members for '**Sumiran**'. Don't think that you were not told that earlier. In fact, it was not told but one should remain consciously aware about paying attention to '**Sumiran**' in any way so that our faith should remain firm and unwavering. God remembrance leads to large heartedness as well as broad-mindedness that saves us from unnecessary complications. '**Sumiran**' opens the door to progress.

## ABHILASHI UNIVERSITY - AN INTRODUCTION

Abhilashi University at Chail Chowk, Mandi is established by the Government of Himachal Pradesh vide "Abhilashi University (Establishment & Regulation) Act, 2014". Abhilashi University is a Government recognized University with a right to confer degrees as per Section 2(f) and 22(1) of the UGC Act, 1956. The University received 'B+' Grade from NAAC in its 1<sup>st</sup> Cycle. The campus of the University is located at Chail Chowk near Mandi (H.P.) and surrounded by lush green fields, pine and oak forests thus becomes an ideal place for study in a clean health-oriented environment. The aforesaid was the forethought for the Abhilashi Educational Society selecting such a beautiful location for the University. There are a number of places worth visiting nearby the University such as Nachan Valley, Jecuni Valley, Janjehli Valley, Balh Valley, Sundernagar and Mandi towns. One can also enjoy snowfall once a while during the winter season. The fresh and pollution free air of this region keeps the minds of the students fresh and help them to concentrate on their studies and bear the crowd.

The management of the University, Abhilashi Educational Society, is a pioneer in managing private educational institutions in the state of Himachal Pradesh. The foundation stone of the Society was laid by Late Sh. Tulsiram Abhilashi Ji on May 21, 2001.

The students and their parents have put faith in the quality education imparted by efficient and dedicated faculty of institutions managed by Abhilashi Educational Society for the last 23 years. The Society is presently running many educational institutions of basic and technical education in the region. It includes: Abhilashi PG College of Education at Nerchowk, Mandi established in 2003 and running D.El.Ed and B.Ed., Abhilashi College of Pharmacy, Nerchowk, Tehsil Balh, Distt. Mandi from 2006 and onwards admitting students for B. Pharmacy Degree Programme; Abhilashi P.G. Institute of Sciences at Nerchowk, Tehsil Balh, Distt. Mandi offering M.Sc. Courses in Physics, Chemistry and Botany, T.R. Abhilashi Memorial Institute of Engineering and Technology (TRAMIET) established in 2009 imparting education in the B. Tech. and Diploma programme in different disciplines of engineering and technology. Abhilashi College of Nursing at Tanda, P.O. Balh, Distt. Mandi is imparting education in B.Sc. Nursing, GNM, ANM and Post-Basic B.Sc., M.Sc. Nursing courses. Keeping in view the requirement of people of Chailchowk and surrounding areas, Abhilashi Hospital has been established and is operational at Chailchowk since October, 2020.

### Vision

Excellence in professional and technical education through dedicated and innovative research.

### Our Mission

- To provide environment for achieving excellence in education.
- To create and generate conditions for quality education.
- To impart quality education through value-based & industry-based curriculum.
- To strengthen in humanistic, social and moral values.
- To plant education and qualities of leadership in minds of students for future development of the nation.

## CHANCELLOR'S MESSAGE

Education is the driving force for effecting change in a person, community, society, and nation. It breaks the barriers of caste, creed, ethnicity and religion by training the minds to think logically; envision, innovate, invent and discover methods for creating a harmonious and sustainable society with skills, positive mindset, knowledge and high values of life. Education being so important, therefore, the mission of the Abhilashi University is "To provide environment for achieving excellence in education through leadership-based, value-based & industry-based curriculum for the overall development of the minds of students for the future development of the nation in turn".

For any University, the structure of excellence lies in the transitional abilities of its faculties and its facilities. I am always in awe of the efforts that our academic board puts into developing the team of subject matter experts at Abhilashi University. My faculty colleagues understand our core vision of empowering our future generation to be ethically, morally and intellectually elite. They practice the art of teaching with a student centred and transformational approach. The excellent infrastructure at the University, both educational and extracurricular, demonstrates the importance of ambience in facilitating focused learning for our students.

The Abhilashi University is one of the leading Universities of north India which got approved by the 1<sup>st</sup> inspection Committee of the University Grants Commission within two years of its inception. Further, the University has the approval of University Grants Commission under section 2(f) and Section 22 of UGC Act, 1956 and is a member of AIU (Association of Indian Universities), Central Council of Indian Medicine, Pharmacy Council of India, Bar Council of India, Himachal Pradesh Para Veterinary Council and Indian Association of Physiotherapists. The University is also accredited by NAAC in year 2022 with B<sup>+</sup> Grade in the 1<sup>st</sup> cycle of inspection. The Abhilashi University is well known for professional courses which have inherent and higher demand in Govt. as well as in private sector. Abhilashi University is also contributing in social upliftment of community by organizing medical health camps, blood donation camps, agriculture awareness and development programs, plantation drives, renewable and green energy projects, Unnat Bharat Abhiyan & NSS etc. It is my pleasure to extend warm welcome to all the prospective and aspiring students of Abhilashi University and other Institutions of Abhilashi Group. I honestly assure that the learnings from Abhilashi University/Abhilashi Group of Institutions will certainly cherish the creative potential of students to achieve success in their life and to provide a milestone for Nation Building.

**Dr. R. K. Abhilashi**

## PRO-CHANCELLOR'S MESSAGE

The fast changing world of tomorrow will be an existing and a challenging place to live, where only people who adopt themselves to the situation, keep pace with upcoming technologies and take the ability to align their ideas, thoughts and way of working to changing situation will survive. At Abhilashi University we recognize this need to prepare the students for the challenges of the 21st century and to provide an atmosphere which will encourage them to become lifelong learners and to work in multi cultural, ever changing society. As education and knowledge are of paramount significance for the different sections of the society, therefore, the Abhilashi Educational Society has developed a hub of educational institutions in and around the Nerchowk town of Mandi District (H.P.). Majority of the institutions are situated in the rural area so that the students can get a serene, calm, pollution-free academic environment for concentrating in their studies, innovating and becoming an asset to the society. The other reason for situating and developing the educational institutions in the rural area, is the pious mission of the Abhilashi Educational Society to improve the quality of life of the rural people by education, employment and other means of entrepreneurship such as opening hostels, paying guest houses, grocery shops, tea shops and other means of livelihood possible at their thresholds.

The vision of the Abhilashi University is "Excellence in professional and technical education through dedication and innovative research". Thus to achieve this mission, the University has adopted a very high standard of education which gets reflected through the recognition of the University by the University Grant Commission Inspection Committee and AICTE Expert Committee and the ratification of the same by the UGC within a period of two years of the establishment of the University. Further, the standard of the University has also been applauded by the other bodies such as PCI, BCI, NCISM and H.P. State Para Veterinary Council. It is my pleasure to extend warm welcome to all the prospective and aspiring students of Abhilashi University and other Institutions of Abhilashi Group and I honestly assure them that they shall shine in their career and beat the crowd of this competitive world.

**Dr. L. K. Abhilashi**

## VICE-CHANCELLOR'S MESSAGE

Welcome to Abhilashi University at Chail Chowk, District Mandi, Himachal Pradesh, a venture in higher education by Abhilashi Education Society. Situated in a serene environment surrounded by Gohar and Balh valleys and nature's paradise of green lush fields, oak and pine forests make Abhilashi University an ideal institution to associate with. Abhilashi University is an institution which rears its students in their mission of literacy and education. University means centre of higher education. It nurtures the individual's ability to interpret, to distinguish between right and wrong, to enhance the appetite for curiosity and to discover the answer to hidden unsolved problems. Education is manifestation of perfection already present in man.

The main focus in learning should be to make the hidden ability of learner manifest. As Vivekananda said, what a man 'learns' is really what he 'discovers', by taking cover off the human soul, which is a mine of infinite knowledge. According to Vedanta philosophy, knowledge is inherent in human being, like a spark in a piece of flint, and all that is needed is the strike of suggestion to bring it out. Real education is that which enables one to stand on one's own legs. Education must be considered as a continuous and lifelong process. Teachers and designers of education system must always keep in mind the Vedanta idea that whatsoever good or bad impressions a mind carries, a human being is essentially pure and divine and repository of immense possibilities. Everyone should get equal opportunity to learn and grow irrespective of one's financial abilities. Discovery is the main focus of universities. Universities are to solve the unsolved issues, to answer the unanswered questions, to encourage the innovative and imaginative ideas, to nurture a state of mind that is flexible and alert and to educate the individuals about modesty and humanity. Abhilashi University is synonym with this.

We at Abhilashi University educate our students and prepare them for a life time of responsibility with dedication through creation of knowledge by learned and efficient faculty, well equipped laboratories and library. Abhilashi University is established with a vision to make quality higher education within reach to aspiring technocrats and to disseminate knowledge to them in their ability to be job providers instead of job seekers. I assure the young minds joining Abhilashi University that you will certainly achieve satisfaction in your academic pursuits to attain future endeavours. Academic environment is imperative to education of naive technocrats to excel in their skills and Abhilashi University is a lighthouse, well-equipped to impart versatile training in disciplines to ensure maximum on-campus placements of its graduates. My best wishes to students and parents who are associated with Abhilashi University.

**Prof. H.S. Banyal**

## REGISTRAR'S MESSAGE

Education is not about loading child's mind with information, but about making it capable of razor-sharp perception, capable of knowing life in its full depth and dimensions".

- *Sadguru*

While reading this beautiful and beautiful quote on Internet and I realized how relevant it is for all of us associated with the field of education, it may be children, parents and teachers. I think none of us at any point in the life can sit back and say, "There is nothing more to learn, I can relax with the comforting thought that the universe around me is an open book. I know it all."

Education is not just about the subjects that are learnt and taught in educational institutions and becoming educated is not only to go initially to school and then to college, gathering certificates and feeling proud of oneself but it is a lifelong exercise that can be unbelievably exciting if only we wish to jump onto the train of experience and take a trip to every conceivable place on the earth. Now we know that this cannot be done literally, so how do we manage it, first in school/college life and then as we go on through life's journey.

First, we all have to be on the same page, children, teachers and parents have to understand that education is not restricted to lessons taught in the class room from text books. I welcome you to Abhilashi University, an institution where we help you to shape your future and help you in achieving the destination of life which you want to achieve. Abhilashi University has 5 Faculties and 13 Schools conferring degrees and diplomas in 42 different courses. I assure you that at Abhilashi University we will not leave any stone unturned in making your dream come true. At last I will like to add a few words of Albert Einstein- "Imagination is more important than knowledge. For knowledge is limited to all we now know and understand, while imagination embraces the entire world, and all there ever will be to know and understand."

## School of Health Science

The Diploma and B.Sc. Medical Laboratory Technology Course are aimed at training students in the laboratory aspects of medical care with a good scientific foundation. These students will be in a position to competently assist in Biochemistry, Pathology, Microbiology and Radiography Laboratories and Blood Bank in all types of health care delivery systems along with the basic knowledge and advanced training in latest technologies in laboratories and blood bank. These graduates will play an important role in determining the quality of health care provided.

School of Health Sciences has laboratories attached to various subject specialties like Anatomy & Physiology, Biochemistry and Pathology to help the students to develop psychomotor skills which are very essential for the effective practice of Paramedical Sciences. It has the best laboratories which provide excellent hands on training along with innovative modern clinical skills where students are trained on various physical skills related to various organ systems, preparing them for real patient encounters. Fully automated, advanced instruments and are monitored by strict quality control and quality assurance to conduct tests.

The laboratory specialist can get excellent job opportunities in modern Multi Specialty Hospital in India and abroad in both Private and Government sectors.

### School of Agriculture

**Prof. D.R. Thakur**  
Dean, Agriculture

Dr. D. R. Thakur has served many institutions but the main institution was CSKHPKV, Palampur (H.P) where he has served for 27 years and superannuated from the post of Principal Scientist cum Head, Department of Agricultural Economics, Extension Education and Rural Sociology. During his tenure of service, he has gained wide experience in teaching, research, extension and administration in the field of agriculture. Dr. Thakur has published one book and more than 100 research and popular articles in reputed national and international journals, guided 5 P.G students and completed 26 research projects on various aspects of agricultural economics.

Agriculture plays an important role in the life of mankind from early civilization. It gained modernization with the passage of time. Modern agricultural practices are increasingly turning out to be knowledge-based. School of Agriculture established in 2014 offers undergraduate and post graduate programmes in Agriculture. After going through common and elective courses in Agriculture during the degree programme, we have in the course curriculum an exposure of the students in complete rural settings where the students go and live along with farm families in the villages and have the first-hand experience of their living, agricultural practices, difficulties and expectations. Students are attached to an agriculture-based industry to acquaint themselves with post-harvest processing of agriculture produce and link agriculture production with industry. The students are also registered for opting for two modules for skill development and entrepreneurship.

The school has highly qualified teachers, well-equipped laboratories, classrooms and well laid out terraced student's farm representing typical hilly terrain. Occasional snowfall during the winter adds to the beauty of the university campus and places it at a location that is marginal to temperate as well as sub-tropical agro climatic conditions, thus enabling teaching and research under both the situations.

## Faculty of Pharmacy

*Greetings from Faculty of Pharmacy, Abhilashi University, Himachal Pradesh.*

Prof. (Dr.) Arvind Sharma has a commendable track record in academics. He also served as Principal & Dean Academic in various known colleges and universities. He has actively engaged for a long period in teaching and administration. He has published various research papers in reputed national & international journals. He has many years of exposure in research & development. He gives an enormous weight-age to both theoretical & practical aspect of teaching courses as stipulated in the curriculum of D.Pharm, B.Pharm, M.Pharm, Ph.D. Pharm.D, Pharm.D(PB) programmes of PCI and UGC.

**Dr. Arvind Sharma**  
Dean, School of Pharmacy

I am pleased to present before you the information brochure of the School of Pharmacy, Abhilashi University, Himachal Pradesh. The school of pharmacy started in 2014 with Bachelor of Pharmacy Courses is now turning our high quality D.Pharmacy, B.Pharmacy, M.Pharmacy, Ph.D., Pharm.D, Pharm.D(PB) students. The school of pharmacy has dedicated, highly qualified, experienced and efficient faculty to guide students and to impart quality education, and has also excellent Laboratories with State-of-art equipments and machinery as per the norms of PCI and UGC New Delhi. The school of pharmacy provides very rich knowledge platform for our students to develop overall personality and self-confidence. The University Campus is totally free from ragging and un-ethical practices. The quality processes have been highly appreciated by various regulatory bodies including the Pharmacy Council of India (PCI) and UGC.

In a short span, our campus has made significant progress in the field of technical education, research and development. This has been achieved by outstanding student participation in various activities ably supported by highly qualified and motivated faculty, a world-class infrastructure and virtual learning system - Blackboard available at the campus, 24 X 7 access to e-library and scientific wealth through Wi-Fi. Credit goes to our beloved Chancellor Sir Dr. R.K. Abhilashi and his team who made it possible.

Residential campus gives us flexibility to groom disciplined future professionals, nurturing their life values and hidden talents and strengthening their inherent good qualities. This includes co-curricular and extracurricular activities round the year. Sports also have its own place in the campus life of students with well-maintained courts, facilities and professional coaches. Soft skills & communication skills are the integral parts of the curriculum. We believe in the holistic development of our students.

Our alumni are well placed, accomplished professionals, affectionate about their Alma Mater, and always been a part of Campus's exaltation. We whole heartily welcome to our new students in coming academic year for the seat of learning. Wishing you all a very successful and knowledgeable Academic year 2023-24.
